

## Over 90 per cent of Business Men Fail

Men fail in business because they do not know the game. They lack system and a thorough knowledge of their business. The reason why so many would-be farmers fail is because they know little or nothing of the science of farming. They think anybody can farm and then are surprised to find that their crops will not grow. The farmer who is always behind, who always has bad luck with his crops, is the man who farms by guess and trusts to luck. If he were in the mercantile business he would be in the hands of a receiver within a year. He is a failure but he hangs on because the poorest farmer can get a living out of the land if he only plows and sows the seed.

### An Agricultural Education

The first thing a young man who intends to go into business should do is to take a course in a business college. Here he can become familiar with the first principles of business, without which he will fail. The first thing a man who expects to farm should do is to take a course in an agricultural college, if he can, but if he has not the time or the money to spend in a two-year course, he can get the same instruction at home by taking a course in the **Campbell Correspondence School of Soil Culture**. Everything is furnished—books and all—at a very slight cost, and the best thing about it, he does not have to leave the farm or his work.

He can choose from the following courses:

Soil Improvement Course	Cereal Culture Course
Horticultural Course	Dry Farming Course
Small Farming Course	Farm Engineering Course
	Soil Tillage Course

Summer is the time to study agriculture, and the farm and garden is the laboratory in which to work out the problems. Don't wait for fall or winter to begin, but get busy now. You will learn more in one summer applying your instruction in the fields than in a dozen winters sitting by the fire. Send for our catalog Number 3. It will not cost you a cent.

## ANNUAL ELECTION

Members of Woman's Christian Temperance Union Elected Officers at Meeting on Thursday

At the regular semi-monthly meeting of the Woman's Christian Temperance Union, held last Thursday at the home of Miss Mabel Young, occurred the annual election of officers and the election of delegates and alternates to the state convention which will be held at Grand Island, September 21 to 24. Following is the result of the election: President, Mrs. J. W. Reed; vice president, Mrs. J. W. Thomas; secretary, Mrs. A. Gregory; corresponding secretary, Mrs. A. F. Bundy; treasurer, Mrs. J. J. Vance; assistant treasurer, Mrs. Wm. Bignell. Vice presidents of churches: Methodist, Mrs. A. A. Ralls; Presbyterian, Mrs. Overman; Baptist, Mrs. Clyde Miller; Christian, Mrs. Lamon; United Presbyterian, Mrs. Bell-Brown.

Each local union in the state is entitled to one delegate for every twenty members. Alliance having sixty-nine active members (as well as eight honorary members) is entitled to three delegates who were chosen as follows: Mrs. E. E. Sanders, Mrs. A. Gregory, Mrs. C. H. Hurst, Alternates, Mrs. A. F. Bundy, Mrs. Clyde Miller, Mrs. Harry Beana, Mrs. Vance and Mrs. J. W. Reed hold state offices, that of superintendent of institute work and superintendent of railroad work respectively, and are expected to be present at the Grand Island convention.

As Mrs. Reed would also be a member of the state convention by virtue of her office as president of the local union, the vice president, Mrs. J. W. Thomas, was elected to fill that chair at the coming convention.

The reports of officers showed the past year of the Alliance union to have been the most prosperous of its existence, more work having been accomplished and more finances handled. At no time has the membership been so large as at present.

The ladies are greatly encouraged and are buckling on the harness and laying large plans to help make Nebraska dry in 1916.

## HOBOS RELEASED

Quartette of Bad Ones Turned Loose When Their Victim Refused to Testify against Them

John Howard, Frank Small, Joe Miller and Elmer Stevens, the four men who were arrested two weeks ago in connection with the assault on Dan Wilson, were released from custody Friday morning when Wilson appeared in court and refused to give any incriminating evidence. The five men departed from Alliance on the Denver train Friday afternoon, in obedience with the ruling of County Judge Berry.

Enough evidence had been accumulated at the preliminary hearing to implicate at least two, and possibly all four of the men, and at that hearing Judge Berry ordered that they all be held until such time as Wilson's condition changed materially, either for better or for worse. But it requires more than a few slashes in his throat, a few hard bumps on his head, and badly cut lips, to put Wilson down and out. Those who

## LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and nobody can tell. Brush it through hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Belle, Mo.

have seen him and those who were with him any length of time at the hospital declared on oath that he was one of the toughest specimens of humanity that ever appeared in western Nebraska. When he was first removed to the hospital it was thought there was no possible hope for his recovery, but on Wednesday and Thursday of last week he proved that he was very much alive by cursing and making himself generally obnoxious around the hospital, and on account of their inability to quiet him and because his actions greatly disturbed the other patients, it was requested that he be removed, his condition being such that the removal would not be dangerous. Accordingly he was taken to the county jail where a cell had been specially prepared for him.

Friday morning he was able to come down to the county court room to give the testimony that it was thought would disclose the identity of the guilty party or parties, but it was not forthcoming. Instead, he declared he did not know who had assaulted him, and that all the suspects were his friends. He said further that they had all been drinking on the evening of August 4, when the assault was committed. The officials and everyone else in the courtroom were positive that he knew who had assaulted him, and that it was some of the four who were held, but when Wilson entered his testimony it was decided there would be nothing gained by holding them for district court.

The four suspects were released on \$100 bond each, and were told to get out of town inside of twelve hours, hence their departure on the Denver train, with Wilson accompanying them—all in the best of spirits seemingly, and on friendly terms.

Stevens' father is a wealthy ranchman in the Mullen country, it is understood, and last week sent the son \$50, which will probably be divided among the five.

Y. M. B. C. Resumes Meetings By invitation of Floyd Donovan, president of the Young Men's Bible Club, members of the club met at the Donovan home last Thursday evening, and made arrangements for meetings for the coming year. It was decided to hold the meetings for the present at the homes of the club members, instead of renting a room, as has been done in the past.

After the business meeting, refreshments, consisting of watermelon and ice cream and cake, were served by Miss Edna Donovan.

The members present at the meeting voted to hold the next meeting of the club Thursday evening, September 2, at the home of Carl Thomas, 408 Sweetwater avenue, at which time election of officers will occur. All young men interested are invited to be present.

## WARR VISITED HERE

Prominent Chicago Man Stops in Alliance While Making Eastern Trip Inspecting Property

W. J. Warr, of Chicago, trustee of the Estate of L. Z. Leiter, stopped over in Alliance between trains for several hours last Friday for a short visit with Mr. and Mrs. Lloyd Thomas and The Herald, of which he is a regular reader.

Mr. Warr was on an inspection trip looking over properties owned by estate in Montana, Wyoming, Nebraska, Colorado and Kansas. It had been three years since he visited Alliance and he was much pleased with the great growth of the town in that length of time. He went from Alliance to Lingle, Wyoming.

### Baby Was Unhurt—Boy Broke Leg

Mr. and Mrs. Land, of Ellsworth, came up last week on freight with their six-year-old son, whose leg was broken. They stayed here for several days while the leg was set and the boy was being cared for. Mrs. Land was driving a team when the accident occurred. The horses suddenly stopped while going at a rapid pace, throwing the boy into the wheel and the baby onto the ground. When the mother had taken the boy out of the wheel and went back to the baby, she found it still asleep.

## URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.
